Dear Ms. Kowalska-Sudyka:

On behalf of the Federal Highway Administration's (FHWA) Office of International Programs, I would like to thank you and your colleagues for all the work that was done to make the recent Central European Technology Transfer (CE T2) meeting a great success.

The U.S. transportation community delegation members specifically asked that we express their gratitude to you for your extraordinary efforts. The presentations made to the delegates were rich with useful information for all those involved in the CE T2 meeting.

This office is profoundly appreciative of your dedication to the cause of technology exchange and information sharing. While in attendance of the Central European Technology Transfer meeting, our U.S. Transportation community delegation members acquired a greater understanding of transportation systems in Central Europe. The personal contacts that they have made will enhance the vibrant and mutually beneficial transportation technology exchange network for all countries involved.

As Director for the Office of International Programs, I also wish to extend my personal gratitude for your support of FHWA's international outreach.

Sincerely,

Ian Saunders
Director
Office of International Programs
